

# JACKSON FREE CLINIC

## Monthly Newsletter

August 2022

### CARE

During June, we had **246** medical, telehealth, dental, and social health visits. We had **173** student volunteers representing medicine, pharmacy, nursing, dental, OT/PT, and undergraduate institutions with over **940** individual volunteer hours.

### EDUCATION

This month our General Board student leaders led phlebotomy workshops for our volunteers to improve efficiency and patient safety at the clinic. We are so proud of our general board members like Alex who step up to teach their peers how to better take care of their patients.

### OUTREACH

Our community garden is full of squash, zucchini, tomatoes, and so much more! Also, we partnered with UMMC Preventative Health to provide recipes for our patients! We value the opportunity to provide free vegetables, fruits, and recipes!

## PHARMACY SPOTLIGHT

IN-HOUSE  
PHARMACY WITH  
FREE MEDICATIONS

PATIENT  
ASSISTANCE  
PROGRAMS

EDUCATION  
&  
COUNSELING

TELE-INSULIN  
&  
DIABETIC SUPPLIES

BAPTIST FAMILY  
PHARMACY  
DISPENSARY OF HOPE  
PARTNER

Through these services and partnerships, we are able to offer medications at low to no cost to our patients. Ensuring the affordability of medications and medication education are crucial for good health outcomes and patient safety. Thank you, Pharmacy team for your hard work and dedication!

## OPEN HANDS CLINIC

This month we hosted our first ever Open Hands Clinic to connect new, post-incarceration patients with healthcare at the JFC! Thank you to everyone who made this a success.

"Open hands clinic is the Jackson Free Clinic's effort to provide healthcare to those who are transitioning back into society. We are partnered with the Hinds County Probation office and New Way Transitional Home to make this possible. It is our hope that we can provide primary care to all facets of our community"

*Eric Lucas*

## WOMEN'S HEALTH CLINIC

We offered breast and cervical cancer screenings, IUD insertions/removals, fertility counseling, free birth control options, endometrial biopsies, and much more. Thank you UMMC OB/GYN for your support in providing these services to our patients and education to our student volunteers!
