

JACKSON FREE
CLINIC

SEPTEMBER

The mission of the Jackson Free Clinic is to lead in Care, Education, and Outreach through a steadfast commitment to the following principles:

CARE

We provide high-quality healthcare services to underserved Mississippians, prioritizing equity, accessibility, compassion, and respect for our patients' lived experiences.

EDUCATION

We create an inclusive learning environment that fosters growth, collaboration, and interdisciplinary education for both patients and volunteers, regardless of their professional or personal backgrounds.

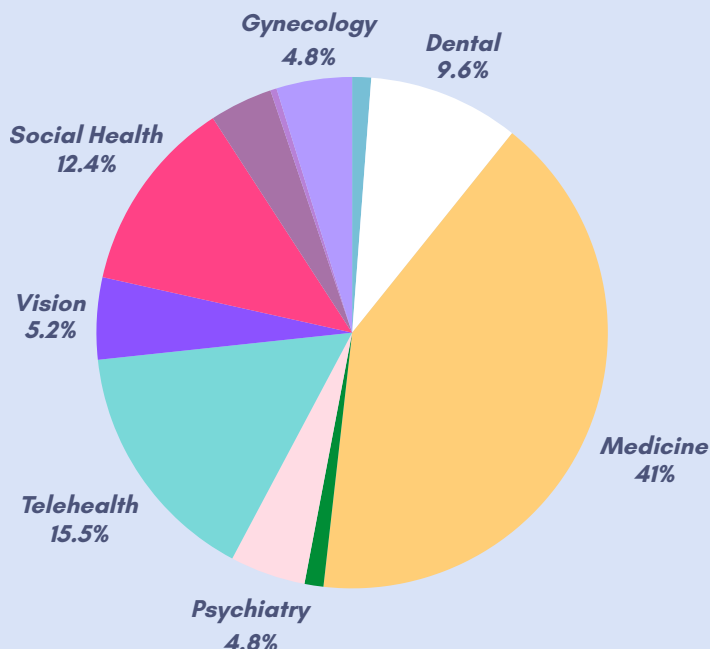

OUTREACH

We extend our impact beyond the clinic's walls by building meaningful community partnerships and addressing the social determinants of health through supportive services and advocacy.

Throughout August, we cared for 185 patients across our medical, dental, pharmacy, and specialty clinics, offering services such as telehealth, PT/OT, ultrasound, vision, and social health services.

We had over 100 student volunteers representing medicine, pharmacy, nursing, dental, OT/PT, and undergraduate institutions, totaling over 1174 volunteer hours.

We continued connecting with our community through outreach events like Shower Power, Stewpot, We Will Go, giving us the opportunity to share resources, education, and support.

Celebrating a new chapter for JFC!

We're officially opening the new Specialty Clinic addition!

Join us for a casual celebration with refreshments, fellowship, and a chance to see our new space.
